# Payment Services Directive Gap Assessment

SecureTrust™ is a division of Trustwave Holdings, Inc.

## SERVICE DESCRIPTION

SecureTrust's Payment Services Directive Gap Assessment is a professional services engagement. The Payment Services Directive Gap Assessment is designed to identify gaps, and prioritize areas that may require remediation, to help achieve compliance with the applicable Payment Services Directive requirements.

## BASE SERVICE FEATURES

SecureTrust's Payment Services Directive Gap Assessment includes the following standard features:

### **SecureTrust Portal**

The SecureTrust Portal consists of, among other features, a Compliance Manager application to manage the engagement process as well as collect and securely store evidence, documentation, and final deliverables.

### **Global Compliance and Risk Services**

The Global Compliance and Risk Services (GCRS) team consists of, among others, the following key personnel and functions:

**Security Consultant** – An information security consultant is the primary resource for the fulfillment of the service, responsible for performing the compliance assessment, compliance determination and reporting.

**Managing Consultant (MC)** – An MC provides guidance, project oversight and reporting quality assurance to the Security Consultant and serves Client as a secondary point of contact for escalations and queries.

**SecureTrust Compliance Review Board (CRB)** – The CRB serves as an escalation point for requirement interpretation or complicated compliance questions, providing consistency and continuity across SecureTrust assessments. The CRB is the final point of escalation for issue resolution regarding compliance status against requirement interpretation or the review of a compensating control.

**Gap Assessment** – An assessment to identify gaps, and prioritize areas that may require remediation, to achieve compliance with the applicable Payment Services Directive requirements. SecureTrust will provide guidance for design of controls and identification of supporting organizational policy, procedures and practices relevant to the Payment Services Directive. SecureTrust will provide a gap assessment report.

## DELIVERY AND IMPLEMENTATION

### Project Initiation

The SecureTrust GCRS team is assigned to facilitate delivery of the service which includes scheduling and conducting the remote kickoff meeting to define and agree to a high-level project plan consisting of milestone dates, key steps, estimates for duration, deliverables, resource requirements and escalation procedures.

### Phase I: Discovery

SecureTrust will work with Client, where applicable, to:

- Determine critical assets;
- Examine business processes;
- Identify security and compliance management processes in place; and
- Review documentation.

SecureTrust will begin report deliverable development.

### Phase II: Payment Services Directive Gap Assessment

SecureTrust will work with Client, through interviews, discussions, and facilities inspections to:

- Assess adequacy of Client knowledge about Payment Services Directive requirements and responsibilities;
- Gain an understanding of the environment to identify critical gaps between Client's current state and the applicable Payment Services Directive requirements;
- Gain an understanding of Client Payment Services Directive compliance posture;
- Identify gaps to achieve compliance with the applicable Payment Services Directive requirements; and
- Prioritize remediation efforts required to achieve compliance with the Payment Services Directive.

SecureTrust will continue development of the report deliverable.

### Phase III: Reporting

SecureTrust will analyze evidence in accordance with the Payment Services Directive, determine Client compliance status and complete development of the report deliverable.

SecureTrust will deliver the final report deliverable to Client point of contact, summarizing the current state of Client's Payment Services Directive compliance.

SecureTrust will conduct a closeout meeting with Client.
